

# Mario Muuk

Python/Java developer

<https://github.com/DrSuperMario>

```
In [1]: import configparser; personal=configparser.ConfigParser(); personal.read('knowhow.ini');
import matplotlib.pyplot as plt; from brain.knowledge import pic, tabel_of_know; import
pandas as pd
fig, ax = plt.subplots(1,2, figsize=(15,5)); ax[0].imshow(pic); plt.rcParams.update({'tex
t.color' : "white", 'axes.labelcolor' : "white", 'font.style': "oblique"})
ax[1].pie((personal['PARAMS']['Numbers'].split(", ")), labels=personal['SKILLS']['Languag
e'].split(", "), explode=(0.1,0,0), shadow=True, autopct='%1.1f%%');
```

*Hi, my name is Mario I am an aspiring software developer whose focus is on the field of Data Science and Back-End development.*

## Skills && Expertise

```
In [2]: tabel_of_know()
```

Languages	Tools	Cloud	Enviroments	Frameworks	Setup	Other
JAVA	VSCode	DigitalOcean	Windows	Flask	HP Pavilion 15	Machine Learning
Python	Intellij	Heroku	Ubuntu	AndroidAPI	Raspberry pi4B	Deep Learning
SQL/HTML/CSS	Android Studio	TravisCI	ArchLinux	TensorFlow	Raspberry pi400	Data Science
Octave	Postman			NLTK	RaspberryZero	
	Octave					
	PowerShell					

### My Strong sides:

- Great communication and collaboration skills
- solid attention to detail
- Analytical thinking
- A good knowledge of English
- communication, and reliability
- I always strive to continually improve my technical and developmental skills

### My weak sides:

- Sometimes slow to answer emails. But I am improving my speed :)
- Linux commands that i have to google over and over

## Work

BrineCloud

<https://Brine.Cloud>

- March 2020 - Present (11 months)
- Tallinn, Harjumaa, Estonia

Platform to share and receive news and financial related data from peopol2peopl. This project is 100% open-sourced and available to use for everybody
