## 1 Mario Muuk

Python/Java developer

<https://github.com/DrSuperMario>

```
In [1]: import configparser; personal=configparser.ConfigParser(); personal.read('knowhow.ini')
import matplotlib.pyplot as plt; from brain.knowledge import pic, tabel_of_know; import
fig, ax = plt.subplots(1,2, figsize=(15,5)); ax[0].imshow(pic); plt.rcParams.update({'font
ax[1].pie((personal['PARAMS']['Numbers'].split(","))), labels=personal['SKILLS']['Languages'])
```

Hi, my name is Mario I am an aspiring software developer whose focus is on the field of Data Science and Back-End development.

### 1.0.1 Skills && Expertise

```
In [ ]: tabel_of_know()
```

#### My Strong sides:

- Great communication and collaboration skills
- solid attention to detail

- Analytical thinking
- A good knowledge of English
- communication, and reliability
- I always strive to continually improve my technical and developmental skills

### **1.0.2 My weak sides:**

- Sometimes slow to answer emails. But I am improving my speed :)
- Linux commands that i have to google over and over

## **1.1 Work**
