# 1 Mario Muuk

```
Python/Java developer
```

https://github.com/DrSuperMario

```python
In [1]: import configparser; personal=configparser.ConfigParser(); personal.read('knowhow.ini')
        import matplotlib.pyplot as plt; from brain.knoweledge import pic, tabel_of_know; impor
        fig, ax = plt.subplots(1,2, figsize=(15,5)); ax[0].imshow(pic); plt.rcParams.update({'t
        ax[1].pie((personal['PARAMS']['Numbers'].split(",")), labels=personal['SKILLS']['Langua
```

Hi, my name is Mario I am an aspiring software developer whose focus is on the field of Data Science and Back-End development.

1.0.1 Skills && Expertise

```python
In [2]: tabel_of_know()
```

```
Out[2]: <pandas.io.formats.style.Styler at 0x1f4e754ee50>
```

My Strong sides:

- Great communication and collaboration skills
- solid attention to detail
- Analytical thinking
- A good knowledge of English
- communication, and reliability
- I always strive to continually improve my technical and developmental skills

1.0.2   My weak sides:

- Sometimes slow to answer emails. But I am improving my speed :)
- Linux commands that i have to google over and over

1.1   Work

BrineCloud
